Institute for a Sustainable Agriculture Community - ISAC

ISAC

Towards such a time when the Economic, Social and Political environment will encourage and enable the successful implementation of the Sustainable Agricultural Community

ISAC Mission

ISAC

Organic Market
Organic Producers
Organic Consumers
Northern Organic Standards Certification
Organic Processors

SAC

ISAC
Producers

- Encourage Farmers to practice Organic Agriculture and Marketing
- Support the Organic Farmers’ Groups and network

Consumers

- Educate /Raise awareness on health and environmental problems
- Educate on Organic Farming
- Build co-dependant relationships with Farmers
- Collaborate on Pricing and Product
Marketing

- Rotating/Fixed Organic market
  - Fresh products
- Organic’s Warehouse
  - Fresh and processed products

Local Organic Certification

- Northern Organic Standard Organization (NOSO)

Results In:

- Self-Reliance /Justice /Sustainability on Income, Social, Natural Resources and Environment
- Food Security and Independence for local Community
- Health
ISAC Needs

- National & Local Gov't to support the local/community organic market rather than export only
- Permanent Land for Central Organic Market in CM

Thank You
