About the TOEIC test

The TOEIC® (Test of English for International Communication) test is an English language proficiency test for people whose native language is not English. It measures the everyday English skills of people working in an international environment. The scores indicate how well people can communicate in English with others in business, commerce, and industry. The test does not require specialized knowledge or vocabulary beyond that of a person who uses English in everyday work activities.

What is the format of the TOEIC test?

The TOEIC test is a two-hour multiple-choice test that consists of 200 questions divided into two sections:

- **Listening Comprehension Section**: There are 100 listening comprehension questions administered by audiocassette. There are four types of questions. You will listen to a variety of statements, questions, short conversations, and short talks recorded in English, then you will answer the questions. Total time: approximately 45 minutes.

- **Reading Section**: There are 100 reading questions, consisting of three types of questions. You will read a variety of materials and respond at your own pace to questions based on the content of the materials. Total time: 75 minutes.

You will respond to test questions by marking one of the letters (A), (B), (C), or (D) with a pencil on a separate answer sheet. Although the actual testing time is approximately two hours, additional time is needed to allow you to complete the background questions on the answer sheet. Therefore, you should allow approximately 2.5 hours to take the test.
WHO TAKES THE TOEIC TEST?

- personnel who use English in real-life work settings, such as businesses, hotels, hospitals, restaurants, international meetings, conventions, and sports events
- managerial, sales, and technical employees in international business, commerce, and industry who require English for their work
- candidates for training to be conducted in English
- individuals in English-language training programs

Here are some of the people who have taken the TOEIC test:

“I always include my TOEIC scores in my curriculum vitae because they are recognized by the most important companies.”

Victoria Sanchez Lozano, Spain
“English oral and written abilities are a basic and essential requirement for my work in the international sales division. My TOEIC results have given me extra confidence at work.”

Michelle Hsiao, Taiwan

“As a teacher, it is important for me to set a good example for my students by continually working on my English skills. My students and I like TOEIC because it gives an accurate picture of one’s English.”

Shunji Suga, Japan
“English has become our daily second language because of its importance in both our personal and work lives. You have to be aware of your English level — and try to improve it — if you want to be successful in this environment. Taking TOEIC has motivated me to work harder on improving my English.”

Dolores Romo García, Mexico

“I have never before taken a test like TOEIC, so I have never known what my level is in English. Now that I know my score, I have all the more reason to work hard and do better in English.”

Johannes Tulung, Indonesia
“TOEIC reflects the business ambience — the intensity, the concentration, and the need to react quickly — that is present when I use English with clients.”

Etienne Gruber, Switzerland

ABOUT THE TOEIC TEST

Chapter 1

WHAT SCORE DO I NEED TO “PASS” THE TOEIC TEST?

The TOEIC test is not the kind of test that one “passes” or “fails.” Not every job or task requires the same level of English proficiency. Because it was developed specifically to meet the needs of working people, the TOEIC test measures many levels of ability. It enables people to demonstrate what they currently can accomplish in English. The single, continuous scale also makes it possible for learners to set attainable goals and to measure their progress as their English improves.

Many companies use the TOEIC test to set their own score standards based on the levels of English necessary to carry out particular responsibilities. Your company may require that employees have a minimum TOEIC score because the corresponding level of English is needed on the job. Many companies offer English training to help their employees reach target TOEIC scores reflecting specific levels of proficiency based on professional need.

DOES THE TOEIC TEST MEASURE SPEAKING AND WRITING?

The TOEIC test measures listening and reading directly. These skills can be tested objectively, cost-effectively, and efficiently. Testing speaking and writing directly requires considerable time and expense, both for administering the test and for scoring. The decision to test only listening and reading directly on the TOEIC test was a response to the needs of clients and test takers for a rapid, affordable, and convenient service, as well as for high reliability.

The TOEIC test provides an indirect measure of speaking and writing. Studies with large samples of nonnative speakers of English from around the world have confirmed a strong link between TOEIC results and an oral interview. Smaller studies have shown a similar link with writing skills.

Preparing to take the TOEIC Test

HOW TO GET READY TO TAKE THE TOEIC TEST

The TOEIC test is not based on the content of any particular English course, but rather on your proficiency — your overall ability to use English. Improvement in proficiency may take some time and is generally achieved through a combination of practice and study. As a test of general English proficiency in an international working environment, the TOEIC test does not test “business English.” You are not required to know specialized business and technical vocabulary beyond that of a person who uses English in everyday work activities.

Here are some things you can do to get ready for the TOEIC test:

► Become familiar with the test format and how to mark your answers on the answer sheet. You can then focus your attention on the questions themselves, rather than on the format. Review carefully the test directions and the sample questions on pages 12-32 and the sample answer sheet and sample Background Questionnaire on pages 33-36.

► Immerse yourself in the language as frequently as possible and in as many ways as possible if it has been some time since you have had contact with English. Reading, watching TV and videos, listening to tapes, taking an English course, and speaking with friends and colleagues are some of the ways to practice English.

► Pay close attention to the time during the Reading section of the test. In the Reading section (75 minutes) you have to pace yourself — so work quickly and if you do not know the answer to a question, come back to it later.
DURING THE TEST

- Work quickly and carefully.
- Do not spend too much time on any one question.
- Mark your answers on your answer sheet and not in the test book.
- Mark only one answer for each question.
- Try to answer every question to the best of your ability.

You may not use note paper. You will receive credit only for answers marked in the circles on the answer sheet. Your score will be based on the number of questions you answer correctly. If you mark more than one answer, that question will be counted wrong — even if one of the answers you marked is correct.
Sample Questions

With 200 questions, the TOEIC test measures a wide range of English proficiency. The following sample questions do not indicate the full range of difficulties you would find in an actual TOEIC test.

**General Directions**

The following general directions are taken directly from the test book. After the general directions are specific directions for each part of the test, along with sample questions for each of the parts.

This is a test of your ability to use the English language. The total time for the test is approximately two hours. It is divided into seven parts. Each part of the test begins with a set of specific directions. Be sure you understand what you are to do before you begin work on a part.

You will find that some of the questions are harder than others, but you should try to answer each question to the best of your ability. Your score will be based on the number of questions you answer correctly.

Do not mark your answers in this test book. **You must put all of your answers on the separate answer sheet** that you have been given. When putting your answer to a question on your answer sheet, be sure to fill in the answer space corresponding to the letter of your choice. Fill in the space so that the letter inside the circle cannot be seen, as shown in the example on the following page.
Example

Mr. Jones ------- to his accountant yesterday.

(A) talk  
(B) talking  
(C) talked  
(D) to talk

Sample Answer

(a) (b) (c) (d)

The sentence should read, “Mr. Jones talked to his accountant yesterday.” Therefore, you should choose answer (C). Notice how this has been done in the example above.

Mark only one answer for each question. If you change your mind about an answer after you have marked it on your answer sheet, completely erase your old answer and then mark your new answer. You must mark the answer sheet carefully so that the test-scoring machine can accurately record your test score.

Your responses to the Questionnaire are kept confidential and do not in any way affect your TOEIC scores. We encourage you to answer all of the questions. A sample of the Questionnaire is included here.

Your Test Scores

How is the TOEIC test scored?

The scores you will receive are determined by the number of questions you answer correctly. The number of correct responses on each section, Listening and Reading, is converted to a number on a scale of 5 to 495. Adding your Listening and your Reading scores together gives your TOEIC total score on a scale ranging from 10 to 990. The statistical procedures used to convert scores to a common scale ensures that similar TOEIC scores indicate similar levels of English proficiency. There is no penalty for wrong answers.
If you take the test through your sponsoring organization, your sponsor will receive your score and inform you of it. If you take the test independently, you will receive your score report directly.

The best way to know what your scores mean is to compare them to those of people who are using English in their work. Because the TOEIC test can be applied to almost any international work situation where English is used, scores have been linked to particular positions and/or job functions. The kind of work you perform now or will be performing in the future will determine the level of English you will need. Below are some real examples of the scores various companies require.

**Chapter 3: Your Test Scores**

**If I take another version of the TOEIC test, will I receive the same scores?**

If you take another version of the TOEIC test, you will probably obtain slightly different scores from those you received the first time. Each version of the TOEIC test is validated on a population of at least 50,000 people. It is therefore a highly reliable test, but no test measures performance with perfect accuracy and consistency. If you took several versions of the test within a short period of time, you would obtain a number of scores that center around an average value known as your “true” score. Two-thirds of the time, your total score would be within 35 points of your true score.

**How long will my scores be valid?**

Your scores are valid as long as your level of English proficiency remains the same. Your proficiency can, however, improve or decline over time. For this reason, the more recent the score, the more likely it is to be a valid indication of your proficiency. The TOEIC Program recommends that you retake the TOEIC test if more than two years have passed since you last took it.

**How long will my scores be kept on record?**

To provide you and your employer with a historical summary of your scores, scores will be kept indefinitely. If you do not wish to have your scores kept on record indefinitely, please contact your local representative.

**Are my scores confidential?**

Your scores are confidential and will be released only to your sponsoring organization and to The Chauncey Group International Ltd. With your written permission, scores may be provided to other organizations.
Can I have my test rescoring?

If you feel that your scores are not an accurate reflection of your ability in English, you should contact your representative. The representative will rescore your answer sheet and will give you a second score report. If a discrepancy is found between the first score report and the second one, the representative will pay for rescoring your answer sheet. However, if a discrepancy is not found, you may be charged a small fee for rescoring costs.
